

A TERRIFIC WIND BLOWING AT TIME

When Fire Broke Out at Campbelltown Fire of Blazing Shingles
Was Hurt at Town

Dalhousie, N.B., July 12.—The Campbelltown fire started up about three o'clock. A terrific north-west wind was blowing and in four hours the entire town was in ruins. The fire started in a small building and spread rapidly. The wind was so strong that a pile of ten million shingles caught fire they were hurled blazing through the town like so much chaff. Fire ladders have been sent down, with a million feet of lumber piled in the yards. The fire has been burning for some time, with all their lumber, has been destroyed. The fire has been burning for some time, with all their lumber, has been destroyed. The fire has been burning for some time, with all their lumber, has been destroyed.

The Roman Catholic church, convent and hospital, the Baptist church, the English and Presbyterian churches, every street and every building was destroyed. In short, Campbelltown as a town has ceased to exist. The latest reports show that there was no loss of life.

The militia department was asked for the tenth Sussex Regiment, and everything that can be done in Dalhousie for relieving the distress of the people being carried out. The Dalhousie Lumber Company is sending lumber, shingles, provisions and tents. Measures for the immediate relief of the hundreds are being taken. The government is playing an important part.

Major of Campbelltown has authorized this morning to draw upon the government for \$2,000. The government is playing an important part. The government is playing an important part. The government is playing an important part.

When the fire broke out, the fire started in a small building and spread rapidly. The wind was so strong that a pile of ten million shingles caught fire they were hurled blazing through the town like so much chaff.

Damage Over \$2,500,000.
The damage done will amount to approximately \$2,500,000. The damage done will amount to approximately \$2,500,000.

Scene of Destruction.
A reporter arrived on the scene this evening and the sight that met his eyes was desolation. Not a building was left standing. The place was a mass of ruins and people were wandering about in the streets.

Sister's Relief Work.
The sister of the deceased, Mrs. Mary, is doing relief work. She is doing relief work. She is doing relief work.

TEN THOUSAND CHEER THE PRIME MINISTER

Cheque for Amount Given by the Provincial Treasury to Morgan & Co., London

The provincial government yesterday paid to the financial firm of Morgan & Co., London, England, the sum of \$185,000, being the half yearly interest of 5 per cent on the \$7,400,000 of bonds issued by the province for the construction of the Alberta and Great Waterways railway from Edmonton to Fort McMurray. This money will be forwarded by the Morgans to the bondholders of the company.

The province, however, will not be out the \$185,000 for the money on deposit in the bank. The interest from the bank at the rate of 1-1/2 per cent. The bank's profit is half year is therefore only \$55,500.

The following official statement in connection with the transaction was given out by Premier Sifton this morning: "The Alberta and Great Waterways Railway company have defaulted in the payment of the interest on \$7,400,000 of bonds, the Alberta government has agreed to pay the interest due to Morgan & Co., London, Eng., on account of the long lease of the railway."

Two Killed in Explosion.
Sundridge, Ont., July 12.—Two Swedish immigrants, were killed by a dynamite explosion at a mine near Sundridge. The explosion occurred at a mine near Sundridge. The explosion occurred at a mine near Sundridge.

STRIKE VOTES ON GRAND TRUNK

Matters Approaching Climax in Various Services of This Railroad Company

Montreal, July 12.—Matters are approaching a climax in railroad and affiliated services, no less than four strike votes being taken at the present time, all of which are demanding immediate settlement. These are the Railroad Trainmen and Yardmen of the Grand Trunk; Conductors Union of the Grand Trunk; same service on the Central Vermont, and the Order of Railroad Telegraphers of the Grand Trunk. The strike vote now being taken on the Grand Trunk is the second within six months. It is stated this is the first time in the history of the union movement in Canada that railroad conductors have been asked to vote on a strike vote.

The following official statement in connection with the transaction was given out by Premier Sifton this morning: "The Alberta and Great Waterways Railway company have defaulted in the payment of the interest on \$7,400,000 of bonds, the Alberta government has agreed to pay the interest due to Morgan & Co., London, Eng., on account of the long lease of the railway."

DETECTIVES GUARD BRITISH CABINET

Angry Suffragettes Promise Reprials For Side-Tracking the Suffrage Bill

London, July 12.—Tonight detectives guard each cabinet minister who opposed the Women's Suffrage Bill in the House of Commons today. The police around the House are doubled lest some day Suffragettes in skirts attempt to wreck vengeance for the "betrayal." The bill was carried in the House by 109 majority, after which Lloyd George, Asquith, Chamberlain and several other prominent men on both sides had exhausted all the arguments and eloquence at their command to defeat it. Mr. Asquith and Asquith Chamberlain made particularly strong speeches against the bill. The Premier drew a gloomy picture of the state of the country, and Mr. Chamberlain opposed women's suffrage on the grounds of expediency.

Mr. Balfour, leader of the opposition and formerly premier, supported the bill. He said that the suffragettes were not to be deterred by the police. He said that the suffragettes were not to be deterred by the police. He said that the suffragettes were not to be deterred by the police.

STRATHCONA NEWS

STRATHCONA'S TAX RATE

WILL BE EIGHT PER CENT

City Council Fixes Rate for Year—
Honorable Business Transacted—
Part of Police Committee Present—
ed—City in Good Sanitary Condition.

The tax rate for the current year was fixed by the Strathcona city council at its regular meeting, held last evening, at eighteen mills.

In view of the difficulty experienced in the past in collecting fees, due from those who have been patients in the hospital, it was decided to add eight per cent to the rate of application recommended by the hospital committee. These forms, when filled in by the patient before entering the hospital, will constitute an assurance that the fees will be paid. Special forms will also be supplied for the use of those who are unable to pay the fees and who, therefore, wish to apply for free attendance. A supply of these forms will be distributed, for their use, among the medical men, who will be required to state, when recommending a case for admission, the nature of the disease.

The secretary was instructed to call for tenders for the supply of coal for use in the power house during the year 1910-1911.

The report of the police and license committee showed that during the six months ending June 30th, 1910, 167 cases have been tried before the magistrate, G. P. Downes, resulting in fines payable to the city, amounting to \$125. Licenses collected under the act No. 245 amount to \$190.50.

Pool rooms \$ 212.40
 Real estate 169.00
 Automobiles 85.00
 Restaurant 85.00
 Day 65.00
 Bathing 30.00
 Second hand dealers 70.00
 Moving pictures, up to date 75.00
 Canteens 35.00
 Poultry shops 15.00
 Bill posters 9.00
 Liquor licenses 1,593.00
 Dog licenses 140.00
 Animals impounded 80.00
 24 dead animals turned out 40.00

The sanitary condition of the city was declared to be in a most satisfactory condition. Nine cases have been quarantined and fumigated, five scarlet fever and four measles.

The license inspector reported that he had been unable to collect the license fee due from the opera house. Ald. Calder said he thought the inspector should take steps to collect the full amount of \$100 required by the license law.

Some of the aldermen were of the opinion that in view of the fact that the opera house was not a paying concern, the amount of \$100 required by the law was too high. It was decided to leave the matter over for further consideration.

olded to leave the matter over for further consideration.

The proprietor of the Cameron house petitioned the council to extend sewer and water facilities to his property, stating that he was willing to extend to the city a strip of land extending about twenty feet from the north end of his property, which would be of value to the city for extending the width of the road at this point, where the converging lines of the railway car track render it dangerous.

The city engineer reported that the total cost of the extension asked for would be \$127.50, and after a very brief discussion the council decided to grant the petition.

A report on the accounts of the water ledger for the quarter ending June 30th, was submitted and adopted.

The balance due on the 1st of April, including arrears, was \$6,069.82
 P. R. accounts for April 110.23
 and May 110.23
 Amount collected during the quarter ending June 30, \$4,512.26

Of this sum, \$2,223.69 is from the C. P. R., leaving \$143.60 as the outstanding arrears for the ordinary consumers.

The city engineer reported that the estimated cost of the improvements proposed for the present year would be: For plank walk, city's portion, \$112.85; portion paid by frontage tax, \$226.62; total, \$339.47.

For horsebuses \$154, paid by frontage tax.

Ald. Tipton stated that he had information that in the district across the river from Blvd 710 there was a large settlement, and that the people there would come to Strathcona to trade if there was a way out of the lands. He had been asked to bring the matter to the attention of the council.

The council did not feel that the information available at the time was sufficient to allow of a further discussion or to justify them in considering the advisability of taking action, and it was decided to hold the matter over for future consideration.

The payment of accounts totaling \$9,651.65 was authorized.

TAXATION APPEALS

Before Judge Taylor in Strathcona on Monday a number of appeals against city assessments were allowed.

The Edmonton and Strathcona Land Syndicate, Ltd., through their representative, Mr. Alexander, appeared against the assessment of Mayfair Strathcona, (1111-1121) which was valued by the assessor at \$250 per acre. Mr. Alexander's lawyer asked for the reduction of last year's assessment of \$100 per acre, contending

that the property is at present of no more value than farm land, which has the valuation fixed at that amount. His Honor held that the assessment was high and clipped off \$100 per acre on the total subdivision of 300 acres, a reduction of \$10,000.

J. R. Lavell appeared for Henry Johnson, who protested against the assessment of the latter's property in the southern part of the city and on block 46 on the east of 15th street, reduced from \$4,750 to \$1,500. In connection with this appeal His Honor spoke strongly against the equity of Class 2, in Title XXVI, in the Strathcona charter, which reads as follows: "Land shall be assessed at its fair value. In estimating its value, regard shall be had to its situation and the purpose for which it is used, or if sold by the present owner, it could, and probably would be used in the next succeeding twelve months. In case the value at which any specific land has been assessed appears to be more or less than its true value, the amount of the assessment shall nevertheless not be varied on appeal unless the difference be greater in value at which it is assessed, bears a fair and just proportion, to the value at which lands in the immediate vicinity of the land in question are assessed."

His Honor held that this clause in discriminating does not permit some instances a fair valuation. He said it appeared to him strange that such a measure should receive the sanction of the Legislature.

EAST END SCHOOL

If satisfactory tenders are on hand for the construction of the school, the Board on Friday night, it is likely that the contract will be awarded and work started at once on the new four-room school building east of Mill Creek, which will cost in the neighborhood of \$15,000.

The plans have been prepared by Wilson & Herrald, and provided for a substantial brick building, not elaborately handsome, but well suited for its purpose, and sufficiently imposing to be creditable to the city's splendid educational structures. Tenders are required to be in by six o'clock Friday evening and will at once be dealt with by the trustees.

Wilson & Herrald, of Strathcona, have been making a name for themselves as successful architects this summer. One of the largest contracts of the year was recently secured by them in competition with several Edmonton architects. This was the acceptance of their design for the splendid church to be erected by Edmonton Presbyterians on Fifth street. This is to be one of the finest churches in the province and the plans of the Strathcona architects were unanimously the best submitted.

ATHLETIC CLUB FORMED

St. Luke's parish, in Highland Park, Strathcona, organized an athletic club at a meeting held on Monday night. Mr. Kellow occupied the chair and there was a large attendance present. The election of officers resulted in

COMMISSIONERS ARE BITTERLY ATTACKED

Concrete Co.'s Tender for Pipe, Paving, Sewerage, etc., was the subject of a bitter attack by the Board of City Commissioners when he heard of Board's action.

WHAT COUNCIL DID AT LAST NIGHT'S MEETING

Arraigned Commissioners for their action in regard to concrete awarded by council to Edmonton Concrete Co. for sewer pipe.

Should visit England to investigate bond market.

Called for Commissioners' report on offer of Edmonton Head & Power Co. to sell 10,000 h.p. at \$20 a h.p. to the city.

Appointed committee to arrange city welcome to Sir Wilfrid Laurier.

Instructed Commissioners to arrange with Alberta College to defer purchase of 100 acres of college property on hillside for \$125,000.

Accepted offer of company as recommended by Commissioner Butehach to remodel gas producer plant.

The Board of City Commissioners and especially Commissioner Butehach were given a severe arraignment by the aldermen at the regular meeting of the Council last night. The trouble arose over a contract which had, early in the season, been awarded to the Edmonton Concrete Co. for sewer pipe and which the commissioners quietly transferred to the Edmonton Standard Plumbing and Heating Co., the representative of which is A.H. Hyndman.

The attack was led by Ald. Hyndman, who spoke with great heat, asserting that the action of Commissioner Butehach was unbusinesslike. He intimated that when he learned of what had been done the matter he had come to the conclusion that the confidence which the Council had put in the commission was misplaced. He said officials of the city had gone "snoring" around the concrete works to see what machinery they had.

Other Aldermen Support. Ald. Miller and Lundy spoke along the same lines, but were less vehement in their utterances. Ald. Garvey who was the only other member of the board present, except the mayor, maintained silence.

The question arose when a letter was read from Ewing & Harvie, in which they stated that the Edmonton Concrete Co. were subversive of the contract which had been awarded them. The contract was for some \$200,000 and the commissioners offered to take only 100,000.

Mr. Ewing was present to represent the Co. and the manager, Mr. Patterson and another representative were also in attendance. They outlined their negotiations with Mr. Butehach and said they had been given an opportunity to supply the material.

Mr. Butehach Explains. "Why was not the contract awarded according to the resolution of the council?" asked Ald. Hyndman. Commissioner Butehach explained that the company were not ready to deliver when the city wanted it, and were not ready to deliver even now. They had stated they would not have the pipe ready before August 15th.

Further statements by a member of the Concrete Co., Commissioner Butehach inquired if they could deliver the pipe now in a day. There is no use quibbling like that," said Ald. Hyndman, with some heat. "I certainly am very much disappointed in the way this matter has been handled," he continued. "The council has been absolutely glib in the matter. The contract had been taken from the Edmonton Concrete Co. by a quibble. When the matter was discussed at some length early in the year Commissioner Butehach expressed himself as opposed to the Concrete Co. and he has suddenly continued in the same position."

I did not think the company had been given a fair play by the commissioners in this matter. Least of all should it have been given to Ald. Hyndman who was a competing tenderer. "If we as a council are going to ignore them I want to know the reason why. There has got to be a very different explanation of this matter or else I will take a much different attitude to the commissioners than what I have. I don't like the way the matter has been handled by the commissioners." Commissioner Butehach has shown a very good business in handling this matter. If other things are handled like this matter by the commissioners, I feel very much like saying our confidence has been misplaced."

Ald. Lundy's Opinion. Ald. Lundy took much the same ground as Ald. Hyndman. The transaction was not put under to the least of it. He would not like to say his confidence in the commissioners was misplaced, but he was much disappointed.

Ald. Miller expressed himself along the same lines as the other aldermen. He brought up first with the Edmonton Concrete Co.

A question was then asked that the commissioners bring in a full report at the next meeting. This ended the discussion which had proved quite stormy.

To Visit England. The commissioners submitted a report that Commissioner Butehach be asked to go to England to investigate the bond market.

The commissioners recommended that Commissioner Butehach be authorized to proceed to London, England, to investigate the bond market, and to report on the following lines:

1. The appointment of a fiscal agent for the city.

2. The advisability or otherwise of issuing municipal or registered stock instead of debentures.

3. Making arrangements for temporary loans for capital expenditure during intervals between debenture or stock issues.

4. Securing a reduction in the rate of payment of our interest coupons.

We are of the opinion that this information can be secured more satisfactorily in London than elsewhere, and that the visit should be a very considerable financial gain to the city.

The Offer of Cheap Power. The offer of the Edmonton Head & Power Co. Limited, to supply power to the city at \$20 per h.p. for five years, was the subject of much discussion and the commissioners were asked to submit a full report on present cost of generating.

Ald. Hyndman said he wanted full information on the subject. If it was as it would mean a departure from municipal ownership.

Mayor Lee with Ald. Lundy and Garvey were appointed a committee to make arrangements for a civic reception to Sir Wilfrid Laurier when he arrives here on Monday, August 21st.

Ald. Hyndman submitted the report of the finance committee for the month. The total accounts were \$275,000, which was ordered to be paid if found incorrect.

C. L. Richardson, city auditor, reported on the city books for the last quarter, pointing out a number of deficits.

The option for the entire Alberta College property, south of College avenue, at \$250,000, was forwarded by the commissioners.

The aldermen were of the opinion that as considerable property had been bought already this year the matter should be left over till next season. The option was referred to the commissioners to interview by the aldermen.

A letter from G. A. Long offering to sell a portion of the City of Edmonton for \$500 was forwarded by the commissioners. A letter from Ernest Brown to the same effect was also received. Mr. Brown stated that several years ago arrangements were made with him to prepare plots of the market and council of 1897 and other years.

The letter of Mr. Long was filed and the commission of Mr. Brown was referred to the commissioners to take up further.

On recommendation of the commissioners, the offer of the Alberta Chalmers Co. and the power station Machinery Co. to put the gas producer plant on order for \$20,000 was accepted.

A meeting of members of the local real estate firms will be held this evening at eight o'clock in the Board of Trade offices. The business to be discussed is of very importance to all who are engaged in the real estate business, and a full attendance is requested.

LOCAL. A Driscoll and family will leave on Saturday for the Coast.

The Edmonton Irish Association will meet tonight in the Mechanics' Hall.

The camp of the Cadets and Boy Scouts at Stony Plain will not break up until Saturday.

Rev. Mr. McLean of Nanaimo will preach in Houston Hall Thursday, 14th, at eight o'clock. The service will be in Gaelic.

Wm. Wood, of New York, special agent of the Home Insurance Co. is in the city on his first visit. He is greatly impressed with Edmonton and particularly with the weather here.

Ald. Hyndman leaves this morning on a two months holiday trip to the Outback. Mrs. Hyndman is spending the summer with her parents, Mr. Lewis and Lady Davies at Charlottetown, P.E.I.

W. G. McNamee, of Dayland, was arrested yesterday afternoon in Edmonton by the Mounted Police on the charge of obtaining money under false pretences. He was sent back to Dayland last night.

A trout which was caught weighed no less than thirty-six pounds may be seen mounted in the window of P. Burns Co.'s meat market. The fishy specimen was taken from the Fraser River and the place where the fish was caught Cold Lake.

Metropolitan. Australia, July 12.—The Australian government today decided it had no power to bar the Jeffries-Johnson fight pictures from exhibition.

THE CHOPS IN LEDUC. H. B. Sutton, land guide, visited the Leduc district last week. Hay in that part of the country is looking fair, both timothy and red clover being about 18 inches high. A very fine field may be seen on the farm of Mr. Sutton, five miles north-west of Leduc. Oats are heading out, the straw being rather short. Prospects are for a good crop. Other around look well and the harvest in the district should be very satisfactory.

A few days previous Mr. Sutton took a party of settlers into the Green Court and Fox River districts, to the northward. Crops all the way between the Red River and the Peace are in a splendid condition. One unusually fine field is located about midway between the Red River and the Peace. The party were from Manitoba. The trip was unusually long, the route being very muddy in places.

From the Ponkias Mr. Sutton brought back a young eagle which may be seen at Campbell's ice cream parlor, corner Fifth and Jasper.

Stroph Strachan College St. Toronto A Residential and Day School for Girls.

The Best Vitalizing Tonic

Health is necessary to happiness: To be happy you must be healthy

WILSON'S INVALIDS' PORT

(A la Quina du Pérou)

—A Big Bracing Tonic

Is the most potent, simple and agreeable factor in maintaining health.

It is "the" unexcelled vitalizing tonic, prevents the decline of the virile and physical powers and, at the same time, imparts tone and vigor.

Dr. J. P. MACATELAY, M.C. Grand Marais, N.B.

"I used 'Wilson's Invalids' Port' in my own family, my wife, being very weak and anemic, with no appetite, following the birth of her child. I have since prescribed it in almost all delicate cases. Especially beneficial in your case in connection with the La Grippe cases, it would consider it a excellent tonic wine, and a good tonic."

OPPOSE CHANGE IN KING'S OATH

Orangemen of Edmonton District
Pass Resolution Against Amend-
ing Coronation Oath

In the glorious sunshine of a fine summer afternoon, the Orangemen of Edmonton and vicinity yesterday celebrated the 220th anniversary of the Battle of the Boyne, by a monster picnic on Grosvenor park, by the bank of the river Saskatchewan.

From a large platform in the shade of the trees, leaders of the order delivered addresses to the assembled Orangemen and citizens. An address of welcome was made by his worship Mayor Lee, and a resolution expressing any change in the coronation oath was unanimously passed. The speaker, followed by a luncheon served by the Ladies' Aid of Westminster Presbyterian Church. The platform program was succeeded by a carnival of sports. In a baseball match the Edmonton Y.M.C.A. team defeated the Wetaskiwin team by a score of six runs to none.

Lodges at Platform.
The lodges assembled at the platform under their various banners. The Citizens' Band and the Wetaskiwin band, from a position on the platform interpreted the session with musical selections. The various speakers were given an attentive hearing and their remarks on the subjects of the day were received with frequent applause.

How does your furnace stand the summer?

That's the real test for durability

When your furnace is not in use, the cool, damp air in the cellar, coming into contact with the steel or iron dome and radiator, causes the metal to "sweat." This "sweat," or moisture, attacks the metal and quickly makes it rust. It's an actual fact that most furnaces would give TWICE as many years of service if they did not have their long summer vacations but were in use continually.

However, the Sunshine furnace is now equipped with a Nickelled Steel Dome and Radiator. Nickelled Steel is an exclusive McClary invention. It has been subjected to the most severe tests and has demonstrated it is absolutely rust-proof. It does not gather rust during the "idle" summer. The Sunshine is built to give you lasting service.

You pay no more for the durable Sunshine than for an ordinary furnace. Besides, the Sunshine is guaranteed by us. Phone or call on our agent in your locality and get further interesting information.

shy per cent of this area was fitted for agriculture. What a population the province might have some day! This is an area as great as that of the British Isles, Ireland and Italy, which now have a population of ninety millions as compared with Alberta's population of about 300,000.

People Are All Boosters.
And the people of this province were confident of its future. They were all boosters. He then called to mind when thinking of the possibilities of the province, the Lacombe farmer who told him: "I was young when that gentleman was visiting Lacombe a couple of years ago, that no more boys had been raised in the Lacombe district than if they were all dead, for they could dig the Panama canal with three rods, and never give a grunt."

Following a selection, "United Empire," by the Citizens' Band, Rev. W. J. Connolly delivered an address on "The Day We Celebrate."

Those who had looked on the procession of the Orange Order through the streets of the city with a good-natured tolerance, made the mistake of missing the significance of the anniversary of a great epoch in history. There had been no time when the Orange Order was more needed than today.

Reason for Orangemen.

After speaking of conditions in the eastern provinces which called for action on the part of all true Orangemen, the speaker asked whether there was any reason for Orangemen in Edmonton. A judge of the supreme

**CANADIAN AGENCY BUYS
REGINA DEBENTURES**

London Financial Firm Which Recently Secured Big Block of Edmonton Bonds Makes a Large Purchase Through H. M. E. Evans in the Saskatchewan Capital.

H. M. E. Evans, western manager of the Canadian Agency, London, England, which purchased the big block of Edmonton bonds recently returned yesterday afternoon from Regina, where he has been successful in tendering on a similar block of debentures in the Saskatchewan capital.

The offer of Regina was an issue of \$200,000 at half per cent, covering practically the entire year's work done on capital account.

The tender of the Canadian Agency was \$747, and Mr. Evans has just returned, and that this was accepted by the city council. The tenders were opened Monday at noon.

On the Edmonton issue which was sold several months ago to the Canadian Agency through Mr. Evans, when the market was in better condition than at present, 100,075 was realized.

WOUNDED IN SHOOTING AFFAIR

Quarrel at Swan Lake, Manitoba, Has Serious Results.

Swan Lake, Man., July 12.—As the result of a shooting affair here early this morning, two men were seriously wounded and one other was crippled in the arm.

George Kilbourne and Fred Bowler were retiring after a lunch, when Fred Bowler appeared in the room. He and Bowler quarrelled, and Bowler was ejected, but returned later on with Kenneth Peters.

They attacked the house but were met with a fusillade of shots from Bowler, who remained inside. Bowler received a bullet in the abdomen and it is at the hospital. Grave fears for his recovery are now entertained.

Peters was shot in the thigh and an operation was necessary to save the limb. In some mysterious manner Kilbourne was shot in the arm, chattering it above the elbow. Bowler is under arrest.

TEDDY PRECIPITATING CRISIS.

Will Talk Inist Upon Undisputed Leadership of Republican Party?

Beverly, Mass., July 12.—A real crisis in the affairs of the Republican party is rapidly approaching. Whether the leadership is to be divided with Colonel Roosevelt, or whether President Taft is to assume and insist upon the undisputed leadership, is a problem which has begun to press itself upon the President, and which he must sooner or later decide.

FATAL ACCIDENT IN BREWERY.

Engineer Killed and Four Men Injured By Burst Ammonia Pipe.

Montreal, July 12.—John Kearney, 22, engineer of the Dore's Brewery, was killed and his four companions were hurt today when an ammonia pipe, part of the refrigeration plant, burst. Kearney was dead when the rescuers were able to reach him through the fumes.

will be Excursion Rates on regular trains on the Lacombe and in branches. The special train from Strathcona will pick up at Wetaskiwin who arrive from the branch.

Particulars respecting time schedule and fare, see posters at station lunch baskets. Hot water supplied free of charge at Farm.

H. A. CRAIG, Superintendent of Fairs and Institute

AROUND THE CITY

LOCALS.

The regular meeting of the General Contractors Association of the Builders' Exchange will be held this evening at half-past eight o'clock.

J. H. Vogt, government land guide, left this morning for the district in the vicinity of Old Man river, where he is about sixty miles northwest of Edmonton. He took with him four land-seekers.

PERSONAL.

Mr. and Mrs. J. W. Fraser left this morning for a two months' trip to Ontario.

AT POLICE COURT.

At the police court this morning, Adam Brown was charged with a breach of the pound-by-law by allowing his cow to run at large. The case was withdrawn, the defendant paying the costs, amounting to \$4.75. Two drunks were also assessed the usual fine of \$4 and costs.

GREAT CROPS AT VEGEVILLE.

J. H. Holden, M.P.P. for Vegreville, arrived in the city this morning on private business. He leaves for Vegreville this evening. According to Mr. Holden, the crops around Vegreville never looked better than they do today, and the prospects are bright for a bumper harvest. This season has been an exceptional one for the crops around the town. Business has made rapid strides during the last four or five months. The wheat and around Vegreville has risen 10 cents to a marked extent.

COL. CRUCKSHANKS HERE.

Colonel Cruckshanks of Calgary arrived in the city last night and will remain at the regular annual inspection.

Tonight the Colonel will inspect companies A to D and the city, evening the whole regiment. On Friday, evening the battalion and ceremonial drill, after which the regiment will go through tactical exercises.

Colonel Cruckshanks' aide leaves for Calgary Saturday morning.

WESTMINSTER LAWN SOCIAL.

The young ladies of the Westminster Presbyterian Church will hold their lawn social on Saturday evening, beginning about 7.30, on the main lawn, adjoining the church, where, to music by the orchestra, the maypole drill will be held and ice cream served.

Of Indian club swinging, wind drills, choruses, solo reading, pantomime, etc., will be given in the church.

About thirty young ladies are taking part and will be assisted by Mr. Fray, reader, Mrs. Haynes, soloist, Miss Edith Askey, pianist; and the Westminster orchestra.

SHOT TWO-YEAR-OLD CHILD.

The two-year-old daughter of Mrs. John Hanna, a resident six miles north of Leduc, was shot Saturday evening, while in her mother's arms, by Mike Womack, a cowboy, who and the Hanna family had feeling has existed for some time past. It is believed that the shot was directed at Mrs. Hanna.

Womack was arrested on Monday and is being held at the R.N.W.M.P. barracks on the charge of shooting with intent. The preliminary hearing will take place at the barracks on Thursday afternoon at 10 o'clock. The child is in a critical condition.

HON. MR. MCLEAN HERE.

Hon. J. McLean, provincial secretary, arrived in the city yesterday evening from the north and will be present today at a cabinet meeting which is expected to be held.

The new cabinet minister, who was elected in Lethbridge during by-elections, is here for the first time since he was made a minister. Mr. McLean stated in the Bulletin last night that the north country is very dry, and the crops have felt the drought to an appreciable extent. He said, especially true of the territory between Lethbridge and Medicine Hat, Mr. McLean expects to take up his permanent residence in the Capital.

PRAIRIE CHICKEN HATCHED OUT.

Six prairie chickens were hatched out at the Provincial Poultry Station yesterday, and the little chicks are fast as is known. The first were the first ever hatched in captivity as far as is known. The first were the first ever hatched in captivity as far as is known. The first were the first ever hatched in captivity as far as is known.

THE WEATHER.

Thus weather has been generally with higher temperatures. Over 50 degrees were recorded in parts of Southern Alberta. No rain reported except a heavy thunderstorm at Macleod.

Forecast:

Western Provinces—high temperature and mostly clear with a few scattered thunderstorms.

MEANS MILLIONS A YEAR TO COMPANY

Grand Trunk Officials Say Demand of Men Would Not This Amount—Conference Still On—The Figures Compared.

Montreal, July 12.—The conference is still on. The Grand Trunk and the Canadian Pacific are still in the grip of the strike. The company's officials state that the strike has cost the company millions of dollars a year. The strike has also caused a loss of business to the company. The company's officials state that the strike has cost the company millions of dollars a year. The strike has also caused a loss of business to the company.

yard's agent. Horse took the lead, but Cameron went forward ahead and maintained the lead until the finish. The time for the first five miles was 27.52. From the fifth to the tenth mile the position of the runners did not change. Cameron leading, closely pressed by Hackett, with Demar and Hackett for third place. Cameron led Hackett by about a quarter of a lap, but in the final round put out a burst of speed, leading the American runner a long distance, while Demar third.

SEALED TENDERS addressed to the undersigned, and enclosed "Tender for Coal for the Dominion Buildings" will be received until 4.00 p.m., on Tuesday, August 16, 1910, for the supply of coal for the Dominion Buildings throughout the Dominion.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied and signed with their actual signature.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 per cent.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for.

If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
J. C. DESROCHES, Asst. Secretary.

Department of Public Works, Ottawa, July 1, 1910.

Newspapers will not be paid for without authority from the Department.

OTTAWA LADIES' COLLEGE.
The Ottawa Ladies' College has just received its 1910-11 catalogue.

One hundred and seventy-three pupils were enrolled during the year, sixty-four of whom were in residence.

Sixteen young ladies graduated and several others received diplomas and certificates in Domestic Science and in the study of the French language.

The college is to develop womanhood for the intelligent, cultured, prepared for the duties of life in the home, society and in the church.

The college is unsurpassed in efficiency and character and the whole work of the college is supervised by the president, Mrs. Dr. Armstrong.
